Background

Colorado ManREACH believes heart-centered friendships and relationships among men who love men are the cornerstone of a healthy, vibrant LGBTQ community. Since its founding in 2004, ManREACH has hosted over 100 in-person events at more than 20 locations throughout Colorado.

Due to the Coronavirus, however, state health department guidelines are preventing ManREACH from hosting the large, in person gatherings it has in the past. As a result, ManREACH is seeking proposals for online workshops and activities that will engage, educate and entertain LGBTQ men.
